

7th EXPP Summit

The Congress for E-Invoicing and E-Billing

Hesperia Tower, Barcelona, Spain
September 26 and 27, 2011

The leading Congress on E-Invoicing and E-Billing will celebrate its seventh anniversary this year. More than 350 E-Invoicing experts and interested parties from about 30 countries will meet in Barcelona to exchange views about current trends and perspectives.

Top-notch speakers will talk about their experiences with E-Invoicing projects over the course of two days. The EXPP Summit 2011 will reward the participants with an exclusive series of success stories and best practice sessions from numerous industries across Europe.

- Hear the latest news on market trends, perspectives, standards and initiatives
- Success stories telling how the Procure-to-Pay process and the Financial Supply Chain have been improved and how they can help to reduce costs considerably
- Focus on the different possibilities for implementing E-Invoicing and E-Billing
- Harmonising legislation in Europe

The mixture of lectures from experts in the field and professionals with practical experience, as well as podium discussions, roundtables, large exhibition area and especially the cross-border focus will make the EXPP Summit 2011 a compulsory event for CEOs, CFOs, CIOs, Heads of A/R and A/P, Procurement, Invoice Management and E-Invoicing decision makers from all over the world.
