

Tieto's Interconnection Network

EXPP Conference
2010-10-13

Tieto today

- 17 000 IT professionals in close to 30 countries
- One of the leading IT service companies in Northern Europe and global leader in selected segments
- Covering industries such as financial services, telecom, automotive, forest, energy, healthcare and welfare, manufacturing, media, public and retail
- By volumes in top 3 of the B2B integration service providers in Europe
- By volumes in top 5 of the e-invoice operators in Europe
- 2 million B2B transactions daily

Tieto Interconnection Network

- Tieto has over 40 interchange partners in Europe, USA and Asia
- Global reach is ensured by collaborating with other service providers and extending Tieto's own network
 - E.g. Tieto Payment Factory & SWIFT Service Bureau provides connections to 9000 financial institutions globally
- Tieto has been actively involved in the international standardization work and network building
 - ISO 20022 standard for e-invoicing
 - EC Expert Group on e-invoicing
- Tieto is constantly extending its partner network in order to support the cross-border exchange of e-invoices and other e-Trade documents
