- <http://www.basware.com/e-invoicingnetwork>
- E-invoicing address books help identifying buyer-supplier pairs
- Supplier Activation increases amount of traffic within the Open Network

Interoperability partners

Basware transactions in Open Network

The Green Apple Award 2010

# Basware's Vision to build Open Network

- Connect once – Connect with all
- Global reach – Global and local partners
- Connect suppliers and buyers
- Build a global e-invoicing address book
- Increase transaction volumes with Supplier and Customer Activation Campaigns
- Extend e-transactions from invoices to other business documents
